31. To see if the Town will vote to raise and appropriate the sum of \$444.61 for Class V Road Construction, TRA, the State of New Hampshire contributing \$2,964.09.

32. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for the State Aid Reconstruction Program, the State of New Hampshire to appropriate the sum of \$4,000.00 on July 1, 1978.

33. To see if the Town will vote to raise and appropriate a sum not to exceed \$25,000.00 for the purchase of a new highway truck equipped for plowing and sanding, to apply to the cost thereof, \$7,000.00 from current Revenue Sharing Funds, and to authorize the selectmen to borrow by long term note, upon such terms and conditions as the selectmen shall deem appropriate and advisable, not more than \$18,000.00 in the name of the Town, for the purpose of financing the acquisition of the truck.
34. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 for installation and maintenance of dry hydrants. (By petition)
35. To see if the Town will vote to raise and appropriate the sum of \$5,900.00 for the maintenance of Town Building-Fire Station for the installation of new doors and insulating and installing ceiling. (By petition)
36. To see if the Town will vote to raise and appropriate the sum of \$46,600.00 for the purchase of a new fire truck. By petition)
37. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be set aside in capital reserve to be used towards the purchase of a new fire truck. (By petition)
38. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 to reconstruct and improve drainage on Black Mountain Road.
39. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to repair the bridge approaches and abutments on Green Hill Road.
40. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to regrade the shoulders on Panno Road to facilitate winter maintenance.
41. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 for the removal of diseased elm trees in the village area.
42. To see if the Town will vote to raise and appropriate the sum of \$15,00.00 to be used for preparation and conduct of a celebration in 1979 to commemorate the founding and growth of the Town of Jackson.
43. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 for expenses of the Mount Washington Valley Public Service Council, operating as a regional Refuse Disposal Planning Board under Chapter 53-B of NHRSA, for the purposes of entering into an engineering service contract with Environmental Engineers, Inc., of Concord, N.H., for a feasibility study for solid waste disposal in the Mount Washington Valley area.

44. To see if the Town will vote to appropriate a sum not to exceed \$2,800.00, and authorize the withdrawal of the required amount from the Anti-Recession Fund, (established under the Public Works Act of 1974) for use as a set-off against Art. 7 and/or 8 of this Warrant.

45. To see if the Town will vote to appropriate the sum of \$1,000.00 for welfare claims and authorize the withdrawal of the amount required from the Revenue Sharing Fund, established under the provisions of State and Local Assistance Act of 1972.

46. To see if the Town will vote to appropriate the sum of \$1,000.00 for the insulation of the Library roof and authorize the withdrawal of the amount required from the Revenue Sharing Fund, established under the provisions of State and Local Assistance Act of 1972.

47. To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as setoffs against budgeted appropriations for the following specific purposes and in amounts indicated herewith or take any other action hereon:

<u>Appropriation</u>	<u>Amount</u>
Highway	\$5,000.00
Town Officers' Expenses	2,000.00
Police	3,000.00
Fire	<u>3,000.00</u>
	\$13,000.00

48. To see if the Town, under provisions of New Hampshire Revised Statutes Annotated (RSA) 55:9c (supp), will vote to exempt itself from the provisions of RSA 55:9a (supp), as they pertain to the Town Clerk.

49. To see if the Town will vote to authorize the Selectmen to accept gifts, and/or Federal or State Aid in the name of the Town of Jackson.

50. To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

51. To act upon any other business that may legally come before this meeting.

Given under our hands and seals this 20th day of February in the year of our Lord nineteen hundred and seventy-eight(1978).

A True Copy - Attest;

Flossie T. Gile
Town Clerk

David P. Carta
Oliver W. Nelson
Ross L. Heald

Selectmen of the Town of Jackson

TOWN OF JACKSON, NEW HAMPSHIRE

AUDITOR'S CERTIFICATE

The undersigned, auditor of the Town of Jackson, New Hampshire, does hereby certify he has examined the accounts, books, vouchers, statements and other financial records of said town and its various officers for the calendar year 1977 and has found them to be true and accurate in all respects.

February 13, 1978

Frederick L. Benjamin
Auditor
Town of Jackson

LIBRARY TRUSTEES

The past year saw significant and needed improvement to the Library's physical plant: a new roof was put on, storm windows and a combination storm-screen door was installed. The windows and door were made possible almost entirely by the generosity of the Friends of the Library who conducted two successful booksales.

Rachel Doucette rejoined the Board of Trustees when Elizabeth Neilson resigned to accept appointment to the School Board.

The Library continues to benefit from the gifts of money and books made by interested organizations and individuals all of whom have the sincere appreciation of the Trustees. We particularly wish to thank Mr. Wendell Woodbury, Mrs. Jean Norris and Mrs. Jane Earle who, among others, helped to enlarge the Library's book collection by gifts of books.

Our Librarian, Mrs. Hilda Matero, attended professional meetings in North Conway, and in Littleton; the Trustees attended meetings in Concord, Franconia, Lisbon and Littleton.

We added 217 books to the collection. Circulation was 4576 books and periodicals which is an increase of 347 over 1976. The Library borrowed 46 books on inter-library loan. We selected 1599 books from the Bookmobile on its three visits, one less visit than usual due to budgetary limitations imposed by the State.

CONSERVATION COMMISSION

The Jackson Conservation Commission meets regularly on the second Wednesday of the month at the Town Hall at 2:00 PM. All meetings are open and the public is invited to participate.

The trail clearing at Prospect Farm has opened up more ski touring trails, hiking trails and scenic vistas. At the annual hike of the Farm, Hub George showed the improvements in the trails, forestry practices and wildlife habitat as well as the historical interest in the old cellar holes and roads. The support of the Jackson Ski Touring Foundation is sincerely appreciated.

The riverbank of the Ellis River at the entry to Jackson was partially cleared to bring out the scenic beauty of the river and to provide vistas of the surrounding mountains.

Some hiking trails listed in the Appalachian Mountain Guide were picked up and some improvements made. There is great opportunity for further improvement in the Jackson trail network and volunteers are sought to help in future efforts.

Clean-up day was generously supported by many truck owners, adults and school children of Jackson. Budweiser had the dubious distinction of winning the litter sweepstakes.

The commission worked closely with the Selectmen in drafting and implementing the new septic system specifications to protect drinking water purity in areas of steep slopes and severe soil limitations.

The commission wishes to express its appreciation to Betty Whitney and others for the beautification of the Fire Station as a memorial to Bill Whitney.

The whole town owes a debt of gratitude to Mr. Phillip Peters who has conservation deeded 11 acres of land on Tin Mine Road and Dr. Alex Burgess for 120 acres on Five Mile Circuit Road. These deeds in perpetuity provide protection for the open space and sylvan beauty of Jackson and give assurance to the owner that his land will remain forever as he wishes.

Anyone interested in this type of protection with certain tax advantages should contact any member of the commission.

Respectfully submitted,

Roger French, Chairman
Margaret Connolly
Margaret Frost
Herbert George
Robert Lunt
Robert McManus
Judith Toumarkine

SUPERINTENDENT'S REPORT

by

Robert B. Kautz and David Stickney

It is a pleasure to provide this brief report concerning activities in the Supervisory Union, and more specifically, in your school. As everyone is aware, a great deal of construction is occurring within the Supervisory Union. We are happy to report that construction at the high school will begin on or about April 1, 1978 and the anticipated date of completion is April 1, 1979. Therefore, everyone can be confident that double sessions will be ended in time for the full 1979-1980 school year. Besides this physical work, a great deal of time and effort is being spent by teachers throughout the Union in an attempt to provide accountability and improved curricula.

Vital educational growth has been undertaken this year which is evidenced by all the Union's teachers involved in activities to improve the curriculum and educational services to all children in Supervisory Union No. 9. Report Card Revision, Teacher Evaluation, Language Arts and Mathematic Curriculum Committees, Health Education and a Music curriculum are some of the varied activities being accomplished this year.

In addition to basic educational services being improved, each school board has adopted a plan for educating handicapped children. Additional staff and program offerings have been provided to establish appropriate educational offerings for those children experiencing educational handicaps.

We are very fortunate to have received a grant in cooperation with Carroll County Mental Health from the National Institute of Mental Health. This grant allows us to hire personnel for two years who will be helpful in providing the necessary services indicated by federal and state laws. These people will be working in all schools in the Supervisory Union, including your own.

We are pleased to provide the following report prepared by your Principal which speaks more specifically to current activities within your school.

PRINCIPAL'S REPORT by KATHLEEN COGGER

The 1977-1978 school year has been a good year in the Jackson Grammar School. The atmosphere within the school has remained friendly and warm, and is conducive to good learning. It is the goal of the teachers to have it remain this way.

The school has been involved in several new programs this year. Some are in operation and some are in the planning stage. The Special Education Program has begun with Miss Susan Wirka as our specialist. Miss Wirka is with us one day a week. It is her responsibility to set up educational prescriptions for all children

who are referred to her from the Pupil Evaluation Team. She also oversees these prescriptive programs and follows the children's progress both in Jackson and Bartlett.

The Early Assessment Program went into effect this year with all first grade children being evaluated in September. This enabled us to locate the high risk children and to work with them to build their skills and prevent failure. It better enables us to fit the program to the child rather than fit the child to the program. This program may be expanded next year if a Federal Grant is approved.

A program that hopefully will come into being next year will be connected with the science program. The Rockwell property is being placed into a conservation deed. The school has been invited to participate in the groundwork for utilization of this property. Both Mr. Zangari and I have attended meetings with others in the community, and Mr. Zangari is preparing a program that will use the environment of Jackson as part of the science curriculum of the school.

All of the Jackson teachers have been involved in the development of education within the Union. We attempt to put Jackson input into as many Union meetings as possible as the decisions that are made at these meetings directly affect the school. It does mean that the teachers are very often involved in after school meetings, for the three teachers must cover the same number of meetings as the teachers at John Fuller School or at Bartlett. The ratio is much greater for our teachers. Mr. Zangari covers the Math Curriculum Meetings and the Teacher Evaluation Committee Meetings. Mrs. Birkbeck is involved in the Language Arts Committee. I am involved in the Early Childhood Assessment Committee and am Chairman of the Staff Development Committee. All staff members attend courses and mini-courses presented by the Union No. 9 office and the Staff Development Committee.

The staff also feel that there is time to be involved with children on an extra-curricular basis. The soccer program was continued by Miss Grocki, Mr. Zangari and myself. Hopefully basketball will be offered this Spring. Mrs. Birkbeck is beginning Square Dancing with children in grades 3 through 6 who would like to participate during lunch recess. I will hopefully be doing something in the area of Art later in the year. The children in Jackson have a great many outside activities available to them through the efforts of the community. We feel we wish to be a part of this community effort.

As a culmination of the school year, we will again be presenting a school play or program under the direction of Mrs. Birkbeck. This will be held in June as we feel the warm weather is a better time to present our production to the town. The driving and parking problems do not seem to be as great at that time of year.

We appreciate the interest and support of the community in the Jackson Grammar School. The staff and the children thank you for your cooperation during the school year.

WARRANT
FOR
ANNUAL MEETING OF THE JACKSON SCHOOL DISTRICT

To the inhabitants of the School District in the Town of Jackson qualified to vote in district affairs:

You are hereby notified to vote for the following district officers at the Town Hall in Jackson, on the 14th day of March, 1978. The polls will be open from 10:00 a.m. to 6:00 p.m.

- ARTICLE 1. To elect a Moderator for the ensuing year.
- ARTICLE 2. To elect a Clerk for the ensuing year.
- ARTICLE 3. To elect a member of the School Board for the ensuing three years.
- ARTICLE 4. To elect a Treasurer for the ensuing year.
- ARTICLE 5. To elect an Auditor for the ensuing year.

Given under our hands, this 13th day of February, 1978.

Mary Howe, Mary Burack, Elizabeth Neilson
School Board of Jackson, N.H.

To the inhabitants of the School District in the Town of Jackson qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall on the 21st day of March, 1978, at 7:30 p.m., to act upon the following articles:

- ARTICLE 1. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for school officials and agents, and for the payment of statutory obligations of the district.
- ARTICLE 2. To transact any other business that may legally come before said meeting.

Given under our hands, this 13th day of February, 1978.

Mary Howe
Mary Burack
Elizabeth Neilson
School Board of Jackson, N.H.

SUPERVISORY UNION NO. 9

LETTER OF TRANSMITTAL

Supervisory Union Board
Supervisory Union No. 9
North Conway, New Hampshire 03818

Gentlemen:

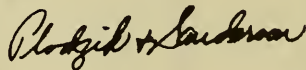

We have examined the books and records of Supervisory Union No. 9 for the fiscal year ended June 30, 1977.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheets and statements of sources of revenue and expenditures present fairly the financial position of Supervisory Union No. 9 at June 30, 1977, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a consistent basis.

We extend our thanks to the officials and office staff of Supervisory Union No. 9 for their assistance during the course of the audit.

Very truly yours,

/bd1

HIGHWAY COMMISSIONER'S REPORT

Calendar year 1977 again produced unexpected major road repair and maintenance requirements. Additional "contract hire" cost was instrumental in denying necessary funds for anticipated tarring and reconstruction projects.

Reditching, reculverting and some rebuilding of Dundee Road was required due to exceptional Spring runoff. Culvert work was accomplished on Eagle Mountain Road, Dundee Road as well as major ditch work being accomplished at the intersection of Mountain View and Dundee Roads. Supervision on Title VI Project personnel in ditch and shoulder maintenance work provided basis for improved drainage and snow deposit areas. Additional responsibility for maintenance of town property (Park, Town Buildings and when possible the Skating Rink) was assigned to the highway department. TRA funds were again used on Wilson Farm Road to continue the project begun there several years ago. Running planks, new flooring planks and sidewalks were installed on the Valley Cross Road bridge. Spruce Brook Road was surfaced and sealed and then a tar application made.

It is anticipated that in 1978 major efforts, within funds available, will be made to repair Green Hill Bridge (upper) approaches and shoulders; to improve existing drainage (brook) problem on Black Mountain Road; to redirect/improve ditching in "critical" areas; to begin a sectionalized plowing system for winter maintenance; to review and/or improve use of sand and salt during winter maintenance; to pick up tarring and surface reconstruction; to do more work with road crew members and equipment (where within their capability) and less contract hire work; and to improve vehicle maintenance and repair scheduling.

Of specific note is the fact that for all work done for private individuals and/or businesses in town where town equipment or materials are used, the individual or business will be billed appropriately. This is a decision by the Selectmen to insure that there will be no inequities as may have occurred in the previous practice of "in town trade-offs". The Town, conversely, will be billed by individuals and/or businesses for any work they or their employees perform for the Town.

Respectfully submitted,

HOWARD A. KELLEY
Road Commissioner

PLANNING BOARD

During this past year, considerable time was spent on completion of the Community Plan which has been paid for in advance and sent to the North Country Council during September 1977 for printing and binding. We expect the Plan to be available for review and distribution during the latter part of March 1978.

We held a total of 14 regular monthly meetings, and in addition to these, 12 working meetings, five hearings and one informational meeting.

During the coming year, your Board plans to review in detail the present zoning and subdivision regulations as well as future commercial development areas. We will solicit and expect the input of all townspeople and interested parties to assist us in these projects.

Our continued goal is to mirror your thoughts and ideas in the future ongoing Plan of Jackson.

Respectfully submitted,

Nancy Bach, Chairperson	1979
Mary Burack, Secretary	1978
Donald McClave	1981

	expenses	1450.00
	profit	1125.00

Respectfully submitted,

Edwin F. Dubie
Fire Chief

JACKSON POLICE DEPARTMENT

Although I will not be with you this next year I have several recommendations which would better and enhance the Police Department and thereby enable the Police Department to provide better services to the community. We have made advances in the department in the past 2 years. We equipped our Police cruiser with oxygen and emergency medical services equipment, making the Police the first response in medical emergency situations. We were able, through a grant from CETA, to put on a full time secretary which was a tremendous help in correcting the backload of paperwork. A part time patrolman was hired to assist in peak periods (I am sure his value has been notice in the village on weekends).

Even though we did make these advances, we are still not up to the adequate level. By next Town Meeting, we should be hiring another full-time man. This would give more coverage and enable my replacement to live a more normal life, and not be expected to be on patrol or on call 24 hours a day. This is not fair to the man or to his family.

The cruiser should be replaced next year and due to the terrain and our winter season, I suggest the Town purchase a 4-wheel drive vehicle.

I sincerely hope that this year the Town will vote to pick up the option to continue having a full-time secretary for the Police Department. Her assistance is essential.

The facilities that are now being used for the Police Department are highly inadequate with no bathroom facilities. Two rooms are needed so that a suspect, witness, or private citizen who has a problem may be talked with without someone popping in for directions. Also, due to the fact that Conway will no longer hold other communities' prisoners, we are forced to drive arrested persons to Ossipee for incarceration. A temporary detention facility is in order.

These are recommendations and recommendations only. It is up to the townspeople to decide what they want and whether they want a figure-head or a working Police Department.

At this time, I wish to express my thanks and appreciation to the citizenry of the Town of Jackson for their aid, assistance and cooperation that I have received during my term of office.

Respectfully submitted,
Frank P. Witty
Chief, Jackson Police Dept.

REPORT OF FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Forest fire control in New Hampshire is a joint state and town/city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of $\frac{1}{4}$ of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organizations and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

NORTH COUNTRY COUNCIL, INC.

In Jackson, the North Country Council (NCC) assisted local officials in the preparation of the Town Comprehensive Plan. They further assisted the Mr. Washington Valley Public Council by providing statistics on the area and technical data for use by the Town of Jackson and the Council in their study of the solid waste disposal problem facing all Valley towns.

Planning Services: NCC provided technical assistance and economic data to communities as needed. NCC is always available to meet with any local official, planning board or public body to assist with local planning matters.

Economic Development Grantsmanship: NCC worked closely with the Economic Development Administration of the US Department of Commerce, the Farmers Home Administration, the Bureau of Outdoor Recreation, and HUD to bring a greater amount of financial resources into the North Country; this will assist municipalities, local development corporations, and other organizations to implement locally developed projects and programs. NCC attempts to be aware of the many federal grant programs that would be relevant to the needs of communities in the North Country.

Preparation of Development Plans: By working overtime to complete components of the Development Plan (in accordance with NH RSA 36:45), the NCC will be in a position to make specific recommendations on how the communities in the North Country can prepare for future growth.

Participation in National and State Policies: NCC responds to opportunities to present a North Country perspective before federal and state agencies. Examples include its presentation to the Regional Town Meeting on transportation, sponsored by DOT Secretary Adams; meetings with the Regional representative of the Department of Energy on the potential of wood energy, its role in initiating legislation which permitted the construction of bi-state sewerage treatment plans, and its assistance in developing state legislation permitting town governments to develop and own industrial parks. As a body representative of local government, NCC provides a local response to state initiatives on "208" Water Quality, Solid Waste, and Safe Drinking Water Standards.

Inquiries, Technical Assistance and Special Reports: NCC staff is always available to respond to the inquiries and requests of member municipalities. In the last year, the NCC has published technical assistance reports on "Model Subdivision Regulations", "Woodsville Downtown Improvement Summary Report", "Energy Perspectives in the North Country", and the "North Country Housing Element".

Education and Training Programs: NCC again co-sponsored the six Municipal Law Lectures in the Fall and the second state-wide Annual Meeting of Regional Planning Commission members. Planning News, the NCC Newsletter, and a legislative bulletin keep local officials and interested persons informed of planning and development activities.

In 1978, ~~The~~ NCC will be available to work with the town and other appropriate groups to help implement some of the recommendations contained in the Plans. Ideas and suggestions on how the NCC can be of greater assistance are welcomed. The NCC greatly appreciates the support it receives from the towns, knowing that the support will enable it to provide continued service to the area in the future.

Respectfully submitted,

Oliver W. Nelson
Roger F. French
North Country Council
Representatives

EXECUTIVE COUNCILOR'S REPORT FOR DISTRICT ONE

As Executive Councilor for District One which covers 62% of the State of New Hampshire (102 towns and 3 cities), I am pleased to submit this short report to the citizens of your town.

The Executive Council of New Hampshire is elected from five districts portioned by population. The work of the Council has been described as similar to that of a board of directors for State business. The New Hampshire Constitution provides that the Council shall from time to time advise the Governor in the affairs of State. State law as passed by our General Court mandates much of State government to be acted upon "with the advice and consent of the Council."

Our meetings in the State House Council Chambers are open to the public, and I would welcome having any citizens from our District attend any of the meetings.

The responsibilities of the Governor and Council are so diversified as to defy any attempt at exact classification. Their activities extend to the appointment of certain public officials, to a general supervision over State departments, to State expenditures, to pardon matters and to a variety of other duties. . . State officials and employees, State fiscal matters, pardons, commutations and reprieves, eminent domain and related responsibilities, State contracts and leases, public waters, State industrial and recreational interests and miscellaneous responsibilities.

From time to time, as Councilor if I can be of help to cities, towns, counties, agencies and individuals, I stand ready to do so especially if the problem or concern has to do with State Government. However, as many of you know, much of our government, at the local level, is funded by not only local dollars but State and federal monies are many times involved which means that several levels of government are involved. In such cases we must turn to our local town administrative assistants, regional planning commissions, county officials and others for help and guidance.

I can generally be reached by writing or calling my home office (R.F.D. #1, Woodsville, N.H., 03785, telephone, 603-747-3663) or in care of the Executive Council Chambers (State House, Concord, H.H., 03301, telephone 603-271-3632).

Raymond S. Burton
Executive Councilor
District One

MOUNT WASHINGTON VALLEY PUBLIC SERVICE COUNCIL

In 1974, the Towns of Albany, Bartlett, Conway, Eaton, Hart's Location and Jackson created the Mt. Washington Valley Public Service Council to operate as a regional Refuse Disposal Planning Board as authorized by the New Hampshire General Court. The specific purpose as chartered by the member towns was to determine the advantages, if any, of the member towns joining in a regional Solid Waste Disposal System.

As each year progressed, pressure proportionally increased for the simple reason that every town must comply with Federal and State air pollution regulations by July 1, 1979. If all the member towns are not complying by July 1, 1979, each is subject to mandatory penalties of up to \$25,000 per day.

Each member town has its own unique problem, but the simple fact of the matter is that open dumps and open-dump burning will not be allowed after July 1, 1979, and, furthermore, any such burning now is in violation but either being allowed by special grant, which will cease on July 1, 1979, or the town is operating under appeal from a cease-and-desist order. Even in Conway's case, its incinerator is a stop-gap measure which will be forced to close on July 1, 1979.

Therefore, within the next year and one-half, each member town will be required to expend money and take physical action either in the form of a land-fill project, an approved incinerator, or such other means as to comply with the State and Federal regulations. Each town has a choice of taking this action by itself or in concert with its neighbors. Obviously, that solution which calls for the least expenditure of money for the member towns, as balanced by our needs in the future, is the most desirable.

The Mr. Washington Valley Public Service Council has selected Environmental Engineers, Inc., an affiliate of the Weston Group, to professionally analyze the Mt. Washington Valley area and determine the feasibility of a regional solid waste disposal system. If a regional solid waste disposal system is the most feasible, this meeting is the last opportunity for towns to initiate the necessary professional study to make that determination, and then authorize and form a solid waste disposal district and complete construction, if any, by the cut-off date of July 1, 1979, and forego any mandatory fines.

If each town approves its share of the study, it will be completed within three months. The study will also be completed prior to any town committing itself to forming a solid waste disposal district under RSA 53-B. Only after the completion of the study, will a member town know if it is best to go it alone or join with its neighbors.

For these reasons, your Council highly recommends each town to authorize the funding of its share of the expenses of its Council to perform the feasibility study.

HISTORICAL BACKGROUND INFORMATION REGARDING A POSSIBLE COMMEMORATIVE CELEBRATION OF THE FOUNDING AND GROWTH OF JACKSON

Reasons why a celebration is in order at this time:

Precedent was set on July 4, 1878, when the townspeople of Jackson held a centennial celebration. Two members of the centennial committee were 10 years old when the first settler, Benjamin Copp, died in 1828.

On page 167 of his book, Incidents in White Mountain History, published in 1856, the author, Reverend Benjamin G. Willey, states, "This town was first settled by Benjamin Copp. He moved into it in 1778 and with his family, resisted the terrors of the wilderness quite twelve years before any other inhabitant moved into it."

On page 59 of Chronicles of the White Mountains, by Frederick W. Kilbourne, 1916, states, "Jackson was first settled by Benjamin Copp in 1778." (a footnote here indicates that "Some books say 1779. The centennial of the settlement was celebrated on July 4, 1878.")

The handwritten letter quoted below was sent to Daniel C. Pinkham by Marshall C. Wentworth, Secretary of the Centennial Committee.

Thorn Mountain House Jackson, N.H. March 26, 1878

Daniel Pinkham, Esq.

My Dear Sir:--

The town of Jackson having reached a century's growth proposes to celebrate in a fitting manner its 100th anniversary. We trust that all the sons and daughters of the town will be interested wherever they may be to join in making the celebration of July 4th, 1878 a success. It seems proper that a son of Jackson should address the people on that occasion, and I have the pleasure to transmit to you a vote expressive of the decision of the Cent. Comm. that you be present on the day mentioned and deliver an oration.

"Voted that Daniel Pinkham Esq. be requested to deliver an oration at the Centennial Celebration July 4, 1878--and a copy of this vote be sent to him."

Trusting, sir, that there will be nothing to prevent your acceptance of our invitation.

I am --

Very Respty Yours--

M.C. Wentworth, Secretary

Excerpt taken from the oration delivered by Daniel C. Pinkham on July 4, 1878.

At the early part of our residence here, a weekly mail was established from Bartlett through Jackson to Randolph. I think this must have been the first mail established to Jackson. My father took the contract to carry the same for \$60.00 a year. As the least profit-

able manual laborer in the family, this duty fell to me, on horseback in summer and by one-horse sleigh in winter. The first money I ever had as my own was a Mexican silver dollar voluntarily paid me by a passenger on one of these winter trips, from Bartlett to Randolph. I have it now. It has travelled with me to Wisconsin, thence across the continent to California, thence down the Pacific to Panama and up the Atlantic to New York, thence to New Hampshire where I have preserved it to the present. At the next Centennial of this town, you will not be here, I will not be here, this silver dollar may be here, if so, probably in the hands of some of my grandchildren."

NOTE: Dorothy Pinkham Wood, granddaughter of Daniel C. Pinkham has this silver dollar in her possession, and has consented to come to our celebration should the town decide to have one.

Reasons why a celebration is not in order at this time:

Benjamin Copp was the first settler in what is now the town of Jackson, N.H. The exact date of his arrival has never been established, although, it has been generally accepted that the date was approximately 1778. There have never been any documents found to confirm this date.

Below are some excerpts which show why the date 1778 is questionable.

From the book Gilman's Location by Margaret Brown Garland on page 3. A deed written from David Gilman, dated 1775 stating, "...two hundred and twenty five acres to Benjamin Cops now resident on said tract of land and also one hundred acres of said tract to Rich. Bryant".

From Dr. Adelbert Fernald's History of Jackson on page 95. "Mr. Arthur Gale has obtained photographic copies of old deeds with Ben Copp's name attached 1775 which would tend to prove that the Centennial should have been celebrated two years sooner, and if Benjamin Copp was here twelve or thirteen years before any other settlers came it would seem to me that he must have been here still earlier; the church records said that in 1790--5 other families came to Jackson."

From the Fernald History page 99. "The fact that the Centennial Celebration was held in 1878 does not, I believe, lend support to a conclusion that the first settlement was in 1778. Mrs. C.E. Gale, my mother-in-law and a descendant of both Benjamin Copp and Capt. Pinkham, told me not long before her death in 1943, at the age of 85, that when the celebration was held the proper date therefore had passed unnoticed but when it was recalled that the town had been settled for more than 100 years, the citizens decided to celebrate the century mark though late. My wife also informs me that she has heard her great-grandmother, Alice Bodwell (Copp) Pinkham and a grand-daughter of Benjamin Copp, who died in 1900, at the age of 91, make a statement of like import."
